Student's Last Name:	First:	Middle:
Email Address:		
Class:	Student ID:	Cell Phone:
Title for Research:		
B.S. Senior Requirement:	YES	NO
Student's Signature:		
Date:		
DESCRIPTION OF SENIOR RESEARCH REQUIREMENTS		
<p>Two terms of original research in an area relevant to ecology or evolutionary biology. This may involve, for example, laboratory work, fieldwork, or mathematical or computer modeling. Students may also work in areas related to environmental biology such as policy, economics, or ethics. The research project may not be a review of relevant literature but must be original. In all cases students must have a faculty sponsor who oversees the research and is responsible for the rigor of the project. An average of 10 hours per week is required. Students are encouraged to apply during the term preceding the research by registering and submitting a preproposal. A student's final proposal must be submitted no later than the first 10 days of the term in which the student begins the tutorial, with the faculty mentor's signature of approval. The final research paper is due in the hands of the faculty mentor and the EEB Asst. DUS by the last day of reading period in the term of enrollment. Please attach this form to your proposal and return to the faculty in charge (see below). Enrollment limited to seniors. A letter grade with two credits (1 credit per semester) will be awarded. Fulfills the senior requirement for the B.S. degree.</p>		
TO THE TUTORIAL MENTOR		
<p>By signing this form, you agree to supervise the student's project. You also agree to grade the final paper and report a grade to the EEB Assistant DUS based on exam(s) or term paper. This should be reported no later than the last day of the final examination period. Notification by email is acceptable and preferred. Please email both the EEB Asst. DUS: marta.wells@yale.edu and the EEB Registrar: kelly.pyers@yale.edu.</p>
